

Questions Ranchers should ask Agencies Concerning Endangered Species on their allotments

Not all of these questions may need to be asked, they are to help keep you aware and involved in the ESA procedures before any escalation begins.

Questions to ask if you have endangered species on your allotment-

- 1.) What alternatives are being addressed in the Biological Assessment?
 - a. When should my alternatives be submitted
- 2.) Do I get to review the Draft Biological Assessment?
 - a. If No- Why Not?
- 3.) When should I submit my letter to have Applicant Status?
- 4.) Are they (the agency) doing a NEPA analysis on the alternatives?
 - a. If No- Why not?
