

Human Uses on Rangelands (Goods and Services)

Rangeland Sustainability:

1. **Social**
2. **Economic**
3. **Ecological**

Rangeland ecosystem goods and services provide the linkage between socioeconomic and ecological domains.

Society's values change overtime:

- Pre-Settlement < 1700:
- Exploration 1700-1800:
- Land Acquisition and Dispersal 1800-1900:
- Land Reservation and Protection 1900-1970:
- Land to Meet Society's Goals 1970-present:

Livestock Grazing:

	Social	Economic	Ecological
Pros			
Cons			

Wildfire:

	Social	Economic	Ecological
