

IDAHO RANGELAND

Resources Commission

The Care/Share Campaign is designed to minimize conflicts between recreational users and livestock/ranchers on public and private rangeland. These signs are available for free to IRRC contributing members in good standing (paid their yearly assessments). If you don't pay IRRC assessments (either with your BLM, USFS, IDL allotments or private land), please contact the IRRC for the cost of these signs.

Limited quantities of these 11" X 17" plastic signs are available—first-come, first-served. You may customize these signs by writing contact information and dates livestock are in an area on the individual signs.

Order date: _____ Order/Member Name(s): _____

Contact Name: _____

Best contact phone number: _____ Email: _____
